

## **Sharp General Product Safety Regulation (GPSR) information**

Dear customer,

We would like to draw your attention to Regulation (EU) 2023/988 of the European Parliament and of the Council on general product safety (hereinafter referred to as the "Regulation"). This Regulation, which requires manufacturers, importers, and distributors to place only safe products on the market, will come into effect on 13th December 2024.

We would like to inform you that, as a manufacturer and importer, we comply with the obligations outlined in the Regulation, as well as Regulation (EU) 2019/1020.

These include, but are not limited to:

**Maintaining proper technical documentation**

**Providing safety instructions within the product packaging**

**Conducting a risk assessment**

Before placing a product on the EU market, we assess its safety from the following aspects:

- the nature of the product
- the connectivity or interoperability with other products
- appropriate indication, warning or instruction related to the product
- risks for vulnerable consumers, such as children, elderly, disabled, and differences in health and safety
- impact due to gender differences
- it is not food but has the potential to be mistaken for food based on the product's appearance
- despite not being child-targeted, the appearance of the product might appeal that it could be used by children
- cyber security (within the scope that affects product safety)
- the evolution, learning, foresight feature of the product (AI function)
- European Commission guides and recommendations
- current technology and its condition, including opinions from recognized chemical agencies and expert committees

**Labelling**

On the product or, where that is not possible, on its packaging, we indicate:

- serial number
- company name
- registered trade mark
- postal address
- electronic address

## Information for Online Marketplaces
